

# Aaron Rhone

## Software Developer

As a Computer Science graduate, my objective is to utilize my skills in programming, database management, and software development to contribute to the success of a company. I am seeking a challenging position in the IT industry where I can apply my technical knowledge and problem-solving abilities to create innovative solutions. My goal is to continuously expand my knowledge and skills while making a valuable contribution to the organization. I bring high-level proficiency in Python, SQL, and C#/C++.

## Experience

2018

Driveline Merchandising

### Merchandiser

As a Merchandiser, I strategically managed product displays, enhancing sales and brand visibility. I planned and executed effective merchandising strategies, ensuring appealing presentations. With attention to detail, I arranged products for a seamless shopping experience. I conducted inventory checks, replenished stock, and collaborated with cross-functional teams to gather insights. Through dedication and strong communication, I contributed to the overall merchandising success.

2019

Weis Markets

### Selector

As a Pallet Selector, I accurately and efficiently selected and organized pallets for shipment or distribution. I interpreted order forms, located and retrieved products, conducted quality inspections, and skillfully stacked items onto pallets. I updated inventory systems, prioritized safety, and collaborated with team members to optimize workflow. With strong attention to detail, physical stamina, and warehouse experience, I successfully fulfilled my role as a Pallet Selector.
